

# What kind of bridge would you like?

## Bridge Conceptual Design Workshops for U.S. Highway 101 Bicycle / Pedestrian Bridge and Bikeway

### Bridge Design Workshops

#### Workshop No. 2

- Screen alternative bridge design concepts
- Select detailed bridge and bikeway design elements

April 18, 2001

7:00 P.M. – 9:00 P.M.  
City Hall, Room 101  
Belmont, California

#### Workshop No. 3

- Create final bridge design concept

May 30, 2001

7:00 P.M. – 9:00 P.M.  
Twin Pines Senior and  
Community Center  
1223 Ralston Avenue  
Belmont, California

The next two workshops will determine the bridge and bikeway design concept and refinements. We invite you to attend both workshops to participate in the final evolution of the project.

**Note:** The time and place of the third workshop is subject to change. If you have any questions, please contact Mr. Duncan Jones, Project Manager at the City of Belmont, (650) 595-7425.
