

Mr. and Mrs. Belmont Home Buyer - - -

1954

DO YOU BELIEVE

- . . . the interests of out-of-town subdividers are more important than those of Belmont home buyers?
- . . . our beautiful hills should be ruthlessly leveled?
- . . . our main street should be choked with high speed, full-loaded dirt trucks?
- . . . our schools should go into double sessions?

Do You Believe in UNPLANNED, UNCONTROLLED POPULATION INCREASES?

Of Course You Don't! NEITHER DO WE!!

These mistakes are tragically reducing the value of YOUR HOME—disturbing your comfort—effecting the recreation, education, and welfare of your children.

We must ACT NOW—before the situation becomes even worse.

If you elect us to the Council we pledge, on our honor, the application of our training, talents and hard work.

We pledge to work for:

CONTROLLED GROWTH

NO MORE EXPLOITATION

PRESERVATION OF THE BEAUTY AND COMFORT OF BELMONT

SOLUTION OF OUR SCHOOL — RECREATION — POLICE —
